EVENT DESCRIPTION

Overview of the event "Labor Market Report 2024"

- **Number of hours:** Within 2 hours (2:00 P.M to 4:00 P.M)
- **Target audience:** Students studying the subject A*Gen Careers in Malaysia and Beyond (MPU3373) in the collaboration program of HELP University and University of Finance- Marketing. Another student who is interested in knowledge about the Vietnamese labor market in 2024 generally and the business sector specifically.
- **Age range:** 18-22 years
- **Participants expected:** About 100 people
- **Format of workshop:** Hybrid (online & offline)
- **The aim(s) of the event:** Provide students majoring in Marketing, International Business, Finance, and Accounting with information about the current situation, recruitment trends, and necessary skills of the labor market. Thus, better prepare to search for and apply for suitable positions.
- **Theme of the event:** 2023 Recruitment Market Report & 2024 Recruitment Demand, providing students with updated insights into Vietnam's 2023 labor market and TopCV's recruitment outlook for 2024.
- **The most important features of the event:** The workshop featured Ms. Hoang Phuc, an HR expert from TopCV Vietnam and Human Resource Manager at Vexere, with 10 years of professional experience and over 7 years in HR. Her participation attracted 120 attendees.
- **Challenge & solution:** Since UFM's main venue could accommodate only 100 people, the organizers prepared two additional rooms and adopted a hybrid format. The main workshop was streamed live via Microsoft Teams to the backup rooms, ensuring all participants could fully attend the event.

SELF-EVALUATION

Information/notification

Offering clear information or notification to staff, participants, and relative parties is very important. This can help anyone can follow-up and prepare the event smoothly.

Limit the participants

When determining the number of joiners, the organizer can propose an excellent strategy to satisfy them.

Hybrid model event

consideration of Hybrid model event. It means that we should research deeply about this model to ensure the connectivity of the event is always stable.

Learning experiences

Learning from previous experiences is a good way to solve the problem. With the consultation and suggestions of lecturers and experienced people can help organizers to make better decisions and fix the error unexpectedly.

THANK YOU
