PROFILE

International Business graduate who builds social content to sell, not just to post. Hands-on with short-form video and visual production in **CapCut and Canva**, writing **hook — angle — CTA** for every asset, running **boosted Facebook campaigns on company budget**, and reading page metrics daily to decide what to scale and what to drop — **540.6K views (+63.9%)** and **2.2K inbound messages (+38.1%)** in one 28-day cycle. Works in English for international product and market research.

WORK EXPERIENCE

Social Media Marketing Staff — Vi Hoàng Kim

Apr – Jun 2026

540.6K VIEWS +63.9%	3.3K INTERACTIONS +92.8%	2.2K MESSAGES +38.1%	+144% FOLLOWERS (603 NEW)
-------------------------------	------------------------------------	--------------------------------	-------------------------------------

- Produced the page's daily creative — **promotional visuals and short-form videos in Canva and CapCut** — writing the opening hook, on-screen captions and closing CTA for each asset around a specific product angle.
- Ran **boosted Facebook post campaigns on company budget**: selected which organic posts to put spend behind based on early engagement signals, then monitored results to extend, cut or re-cut each one.
- Reviewed page and post-level metrics daily (views, interactions, message volume, follower growth) to identify winning angles, then rebuilt those angles into new content instead of guessing the next post.
- Owned inbound comments and messages end to end — product questions, objections and order guidance — turning **2.89K new contacts** into live conversations and faster response times.

English Teaching Assistant — Ms. Vy's English Class

Oct 2023 – Mar 2025

- Ran daily class operations independently for **18 consecutive months alongside full-time study** — materials, attendance, follow-up — and reported student progress to the lead teacher in structured updates.

CREATIVE, ADS & COMMERCIAL PROJECTS

E-commerce Webinar — Slow North Natural Living Goods (Austin, Texas)

Aug 2024 · Individual project

- Acted as sole marketer for a **US home-goods brand** (soy-wax candles and essential-oil home fragrance): designed the brochure creative, ran the **Facebook promotion**, and built the registration funnel end to end.
- Converted that promotion into **17 registrations and 15 attendees — an 88% show-up rate**, with an automated confirmation email and a post-event satisfaction survey closing the loop.
- Delivered the full session in English — brand story, ingredients, seven-product line-up and three workshop offers — then used the survey data to evaluate what landed.

TikTok Short-form Advertising — Vinamilk

Nov 2024 · Grade HD2 (3.75)

- Produced TikTok ad creative built on **first-5-second hook** techniques, then evaluated each cut on engagement behaviour and message clarity to find which opening actually held viewers.

What Actually Makes Gen Z Buy on TikTok Livestream

Business Research · SmartPLS

- Tested influencer endorsement, reviews, price, usefulness, ease of use and information quality against purchase intention on survey data.
- Found **low-price appeal to be the strongest driver**, ahead of influencer endorsement — a direct input into how offers and ad angles should be framed for social commerce.

Market Entry & Product Screening — Vinamilk, Mexico

May 2025

- Screened category demand, competitors and price positioning for a foreign market using **PESTEL and BCG Matrix** — the same logic used to decide which products are worth importing — then built cost structures and revenue projections behind a **penetration pricing** recommendation.
